The diagram illustrates the Ring and Gap mechanism for user selection in a social network. It shows three rows of user avatars, each representing a different selection strategy. The first row, 'Unread', shows a single user with a 'Ring: 3' label. The second row, 'Membership Moment', shows three users with 'Ring: 3' and 'Gap: 1' labels. The third row, 'Read', shows three users with 'Ring: 2' and 'Gap: 1' labels. Below these, a 'Placeholder' section shows two user avatars, one labeled 'Light/Dark' and the other 'Fixed'.

The figure consists of two side-by-side screenshots of a design tool interface, illustrating a color selection process. The left screenshot is titled "Light/Dark" and shows a blue button labeled "EN" with a red dot. The right screenshot is titled "Fixed" and shows the same button. Both screenshots show a command palette with the text "Outline : system/color/outline/default:reverse" and "Outline : system/color/surface/default".

EN

The diagram illustrates the scaling of the EN logo across five sizes: Large, Medium, Small, XS, and XXS. Each size is represented by a square panel showing the logo with its components (Stroke 1, Stroke 2, Dot 1, Dot 2) and their respective dimensions. The logo is shown in both Light/Dark and Fixed color schemes.

- Large:** Stroke 1 (100), Stroke 2 (100), Dot 1 (12), Dot 2 (12).
- Medium:** Stroke 1 (50), Stroke 2 (50), Dot 1 (6), Dot 2 (6).
- Small:** Stroke 1 (25), Stroke 2 (25), Dot 1 (3), Dot 2 (3).
- XS:** Stroke 1 (12), Stroke 2 (12), Dot 1 (1.5), Dot 2 (1.5).
- XXS:** Stroke 1 (6), Stroke 2 (6), Dot 1 (0.75), Dot 2 (0.75).
